GENDER SENSETIZATION PLAN

Mariya college aims to secure gender equity to its fullest. It takes and give every opportunity to its staff for their empowerment. Where all employees are valued and included, resulting in more engaged, motivated productive work force.

Exploring institutional data :

In the year 23-24, male students are lead always by 62 % & the total student strength.

Analysis present scenario :

Sr. No.	Year	Female Faculty %	Male Faculty%
1.	23-24	40	60
Sr. No.	Year	Female students %	Male students %
2	23-24	38	62

* Some possible challenges:

The institute is located in rural area of Maharashtra, with villages nearby, having a majority of admissions from these areas. The mindset and some limitations as bus, train timings of the residents of these villages also affect the enrolment percentage of female students.

A new Plan:

The Action plan identifies and focuses attention that will enable strategic sustainable & meaningful change at Mariya. The Action plan will help us, over the next year, to navigate & accelerate the gender equity journey. We in Mariya college try to inculcate and pinpoint the leadership skill in their staff, their devotion and their various skills they have, identifying these qualities and by adapting gender sensitization Action plan, Mariya demonstrate how it value the richness of diversity among staff.

Working in partnership to address gender imbalance publicity and awareness program for students, we also conducts bridge courses so as to upgrade and make students understand about the art of different subjects and importance of every faculty in their life In law faculty. We also go to nearby Junior and senior colleges to educate them regarding the importance of Law subject as their carrier.
